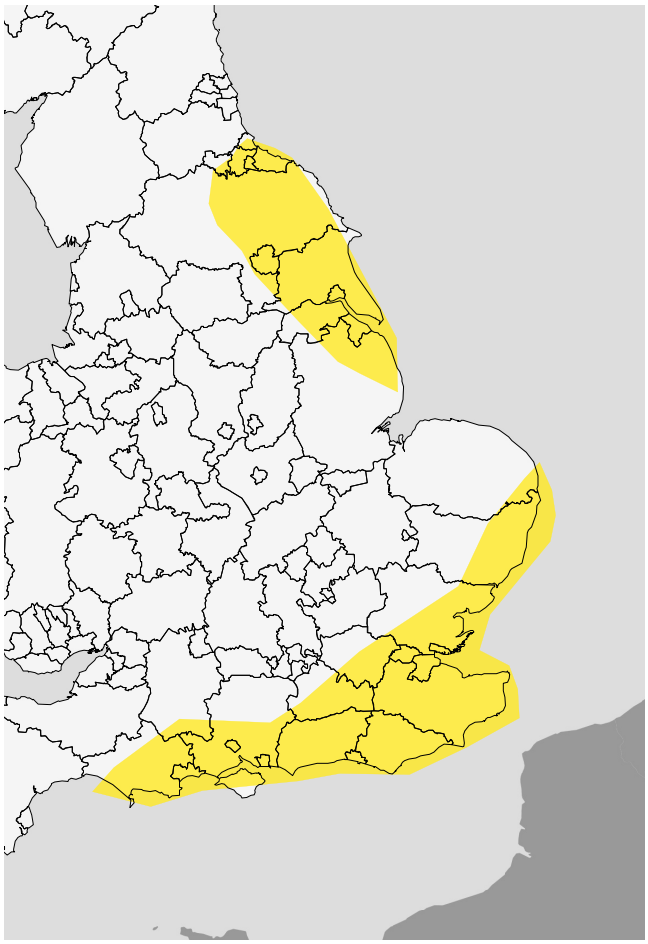
Yellow warning
Thunderstorm

Between
12:00 Sat 31 Jul 2021 and
21:00 Sat 31 Jul 2021



Thunderstorms may lead to some disruption to travel during Saturday afternoon and evening.

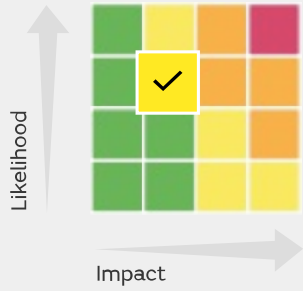
What to expect

- There is a good chance driving conditions will be affected by standing water and possibly hail, leading to longer journey times by car and bus
- Delays to train services are possible
- Flooding of a few homes and businesses is possible
- Some short term loss of power is possible, as is damage to a few buildings or structures from lightning strikes

Further details

Although many places will miss them, heavy showers and some thunderstorms are expected to develop this afternoon over some southern and eastern parts of England. Downpours could bring around 20 mm of rain within an hour, and perhaps 30-40 mm in a few hours for a few locations, leading to possible surface water flooding in places. Lightning and hail are most likely to occur across southeastern counties of England.

The showers and thunderstorms will ease by late evening.



✓ Medium likelihood of low impacts
